

Dear Entrant

Thank you for entering the inaugural Wombat 3K Beach race. It's the first event of its kind in this stunning area of North Wales and you will be part of an event that has instantly gained huge credibility on the UK running calendar. We hope you enjoy being part of it and achieve a really good time on this fantastic course.

Please find enclosed important information needed on the day of the race.

The Wombat 3K Beach race

The run will start promptly at 9:45 a.m. Please ensure you arrive with sufficient time to change and prepare for the start of the run. You may also wish to take a warm up jog to the start of the groyne so you can decide which route you feel will work best for you.

The run will start and finish on Abersoch Main Beach below the Yacht Club. Please check the attached map to understand where this is if you're not familiar with Abersoch beach.

Medical & Marshal Support

Marshals will be positioned strategically along the course with good communication links to the medics and race director. A sweep car and Medic 999 vehicles will be available to attend to anyone needing assistance. Please help other athletes if required. If you see runners who are in trouble away from marshal or medic positions then please advise the next one you pass.

Race Numbers

You will find your race number enclosed. Please ensure you fill in your details on the reverse of your number, as these will be used in the event of an emergency. Race numbers must be worn, and clearly visible, on the front of your vest at all times and must be clearly visible when crossing the finish line. Safety pins are the most common method to attach your numbers to your running top, but make sure they are positioned away from areas of your body that could cause rubbing while you are running!
